New Court—Reduction—About Attorneys.

WASHINGTON, Jan. 23. Edmunds' bill to establish a Court of contested elections provides for a court of that name to consist of the Chief Justice and associate Justices of the United States Supreme Court for the time being and to be convened on the second Wednesday of February, 1877, and every fourth year thereafter, and also in every year subsequently to any election held, to fill a vacancy in the office either of the President and Vice-President. This court is to hear and adjudicate contests concerning the results of such elections and report its findings to both Houses of Congress.

Senator Wright introduced a bill in the Senate to provide that for two years from July, 1875, salaries of all Government officers and employes in

all branches of the service shall be reduced ten per cent. if they exceed a thousand dollars per annum. The President and United States Judges are exempted.

Mr Boutwell, appearing for the Bar of the two Houses of Congress, proposes the appointment at the commencement of each session of Congress of a Committee to consist of three members of each branch of Congress who shall have authority to determine what persons may appear as Attorneys before Committees and to admit, suspend or expel, members of said Bar to be thus organized. No person shall be admitted to this Bar unless he is a member of the Bar of a court of final jurisdiction in the State or Territory where he resides and no other person shall be permitted to appear before any Committee except in his own behalf or as friend without compensation. The bill finally proposes to make it a misdemeanor, punishable by imprisonment from thirty days to two years, for any person to give or receive any valuable consideration to influence action, except as provided in this bill.

More Indian Troubles in Eastern Nevada—Watersport.

Pioche, Jan. 23. To-day's Journal contains the following: From Mr. Easum, of Hiko, who arrived in Pioche this morning, we learn that Indian matters are becoming still more alarming in the neighborhood of Hiko. So imminent is the danger in fact, that it has been found necessary to remove families from the settlements in Pahranagat Valley to places of safety. Some have been taken to Hiko, some to the Muddy, and others to Pioche, these being the nearest localities which it is deemed safe for women and children to remain. It has been ascertained from the Indians themselves that since last July fifteen white men have been killed by the savages within ten miles of Hiko. Quite recently the Indians have been killing and driving off the cattle of the settlers in the valley and it is the belief of the best informed people at and near Hiko that the Indians are determined to put into force their repeated threats to drive the whites out of the valley entirely. A great many Indians were in Bullionville yesterday and the same crowd are in Pioche to day, but it is supposed that most of the warriors have gone towards Hiko. Mr. Easum came to Pioche for men and arms to assist the people of Hiko. To the end that prompt aid be extended to Hiko, it is suggested that a public meeting be held this evening to take action in the matter.

Several days ago a water-spout burst in lower Pioche, the flood from which ran down through a cañon and washed away several miles of the Pioche and Bullionville Railroad track.

Subsided—Etc.
SAN FRANCISCO, Jan. 23. The flood at Marysville has subsided. Great destitution. Liberal donations from neighboring towns and this city. Three lives lost. Much damage to churches and public buildings.

Reports of damage by the storm in Salinas Valley are exaggerated. Some injury to the trestle work and railroad bridge at Salinas river; otherwise no damage of importance.

From Utah.
SALT LAKE, Jan. 23. The Utah Southern Railroad is washed away in some places.

The bodies of the men buried by a snow slide at Cottonwood cañon have been recovered.

Suit.
SAN FRANCISCO, JAN. 23. The suit of the people against assessor Rosener was called yesterday; an answer was filed and the case continued till Saturday next.

Music.—Conrad Zick gives notice in another column that he is prepared to furnish music, and also to give instructions on the guitar and brass instruments. Orders left at the Marysville saloon will be promptly attended to.

DR. A. B. SPINNEY.

WELL KNOWN throughout the country as a Pathologist and Physiologist, whose successful treatment of certain physical disabilities and functional derangements deservedly entitled him to the familiar recognition of the Great Specialist, would respectfully inform the citizens of Virginia City, Nevada, and vicinity that he can be consulted at No. 188 South C Street, Virginia, seven doors north of the French Drug Store, at his office, thus giving invalids an opportunity of ridding themselves, through his professional agency, of such constitutional annoyances and ailments as he claims to compass and to cure. Without entering into biographical details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical Colleges is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of the multifarious chronic affections incident to both sexes, such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Afflictions.

TO THE LADIES.

DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring them that, in conjunction with a competent knowledge of their various sufferings, such as Nervousness, Neuralgia, Spinal Weakness, Loss of Appetite, Lassitude, Prolapsus Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leucorrhoea, Dyspepsia, Indigestion, Constipation, and the many petty, irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN.

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physicians can render you no assistance, when the door of hope will be closed, and you will be left a prey to mercy can bring your relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

COME AND BE HEALED.

It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.

There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits a rosy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin and milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

N. B.—Only an interview required in a majority of cases; balance of treatment can be conducted at home without interruption of business. No cases treated without a personal interview and proper examination. Office hours—10 to 1, 2 to 4, and 7 to 8. Consultation free. Examination and advice, \$5.

MASQUERADE BALL.—You all remember the grand masquerade ball we had in Reno about nine months ago, and you will all be glad to hear that we are to have another. This time under the auspices of the Masonic fraternity, and an invitation one at that; each Mason being allowed the privilege of inviting two or three personal friends. The ball is announced (as will be noticed on perusal of the advertisement) for Thursday evening, February 11th, which will give all sufficient time to select and procure their costumes. We understand it is the intention to procure the services of a costumer from San Francisco—probably Madame Panlin, who was here last year. Those who attended our masquerade last year well remember the bully time we all had, and we wouldn't miss this coming one for anything, hardly.

SPACE.—We give up considerable of our space this morning for the publication of the bill shortly to be introduced into the Legislature, providing a town government for Reno. We withhold our own comments until such time as our taxpayers have had time to digest the bill.

Snow.—The "bootifullest" of the season. We had hoped that the worst was over, but accept the situation, nevertheless. And still it snows.

SURGERY.—It is no longer necessary for the afflicted who need surgical aid to go to the "coast," as they have now in Reno one of the most skillful surgeons in the United States. Dr. A. J. Grover has no superior on the Pacific slope as a successful surgeon. He guarantees the most perfect satisfaction in all cases that are within the reach of surgical skill. Also gives special attention to chronic diseases.

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. Su Lee & Co. *

OH no of course not. for Nels. Greenman has a laundry of his own and will do his level best to satisfy his old customers and gobble all new ones in sight. Nels. Greenman, Pedro Laundry.

THE advantages of using Dooley's yeast powder are shown in its superior excellence over all others, by which elegant, light, sweet rolls, biscuits, bread, pastry, etc., can be made with very little trouble, food that can be eaten with impunity and relished by the most sensitive dyspeptic or invalid. It permits no waste of flour prepared with it, and the quantity required to be used of Dooley's yeast powder is one-third or one-half less than those of other manufacturers. Try it and be convinced. For sale by grocers everywhere.
